this is our story®

Our Generation® is bigger than a toy company.
We invite girls into a community of empowerment and play,
a place where their collective voices create
the narrative of their generation.

It's impossible to separate Our Generation® characters from
the generation of girls who play with them, for they are
one in the same. They are our daughters and our nieces.
The girls who sell us cookies, walk our dogs and do cartwheels
down the block.

Through the books and the dolls, Our Generation® heroines come
to life in the hands and minds of the girls of this
generation. They become best friends and role models.
Someone who understands what it's like to be a girl in a time and
place filled with so many pressures, but also so many
freedoms and opportunities.

Together, they act out forming positive relationships, overcoming
personal hurdles and having fun. Making the right choices and
even dealing with what happens when they make the wrong ones.
Preparing for what lies ahead while realizing just how important
it is to embrace today.
